

# Hello, I'm Jake Oldham

## FULL-STACK DEVELOPER

Github: jakemoldham

### ABOUT ME

I am a full-stack developer. After a career in sales I went back to school to pursue a career that both challenged and excited me. I'm ready to work in a fast-paced environment where I can continue learning to do what I love.

### LANGUAGES

#### HTML

#### CSS

#### RUBY/RAILS

#### JAVASCRIPT

### EXPERIENCE

#### Dev Point Labs

##### Teachers Assistant

Assist in teaching students to become full-stack developers. Lead students by helping them to become problem solvers and encouraging them to think like a developer.

**JUN 2015 — CURRENT**

#### Dev Point Labs

##### Student

Completed an 11 week boot camp to become a full-stack web developer. While there I learned HTML, CSS, Ruby, Ruby on Rails, Javascript. Demonstrated my capabilities on a fully functional web application for my capstone project.

**FEB 2015 — MAY 2015**

#### Liberty Press

##### Sales Executive

Sold and managed large-scale printing clients. Oversaw customers experience from first meeting to shipping products out the door. I was responsible for ensuring customer satisfaction and quality products.

**OCT 2012 — FEB 2015**

#### Liberty Press Publications

##### Sales Executive

Sold and managed a multitude of print advertising accounts. Was able to juggle many accounts renewing on separate timetables with ever changing ad content.

**OCT 2010 — OCT 2012**

#### Utah Valley University

##### Student

Studied at the Woodbury school of business working toward a Bachelors in Business Management

**AUG 2007—JUN 2010**
